

Moto Guzzi Stornello 125 Scrambler

Moto Guzzi Stornello 125 Scrambler

The 1967 Moto Guzzi Stornello 125 Scrambler is a remarkable example of Italian motorcycle engineering, celebrated for its blend of performance and style. This particular model is especially noteworthy, having been part of a significant private collection of Italian motorcycles and displaying an astonishingly low odometer reading of just 2 kilometers. It comes complete with its original documentation, enhancing its authenticity and value.

The Stornello 125 Scrambler is powered by a 123cc four-stroke single-cylinder engine, delivering approximately 13.4 horsepower at 7,400 rpm. Its design features, including a high-mounted exhaust and rugged tires, were tailored for both on-road agility and off-road capability, embodying the scrambler ethos.
